

## Summer Camp Protocols with COVID-19 at CCA

1. All programs should have a written communicable disease management plan\*
2. Maximum of 10 campers per class
3. Keep physical distancing (6') and 35 sq. foot per participant\*

Details: <https://sharedsystems.dhsoha.state.or.us/DHSForms/Served/Ie2357.pdf>

**1. Communicable disease management plan:** All programs should have a written communicable disease management plan. This plan must include: protocols to notify the Local Public Health Authority (LPHA) of any confirmed COVID-19 cases among campers or staff; a process and record keeping to assist the LPHA as needed with contact tracing; a protocol for screening campers and staff for symptoms; a protocol to restrict from camp any ill or exposed persons; and possible cessation of camp activities.

- Keep daily logs for each stable group that conforms to the following requirements to support contact tracing of cases if necessary:

- ♣ Child name
- ♣ Drop off/ pick up time
- ♣ Adult completing both drop off/ pick up
- ♣ Adult emergency contact information
- ♣ All staff that interact with stable group of children (including floater staff)

## 2. Physical Distancing

- Camps must be limited to maximum stable groups of 10 or fewer children ("stable" means the same 10 or fewer children in the group each day).

- ♣ The stable group may change no more frequently than once per week (e.g. for camps operating on a weekly schedule).

- ♣ Half-day camps hosting different morning and afternoon groups may be offered. Sanitation measures must be taken between these sessions. A space may hold a maximum of 2 stable cohorts per day.

- ♣ Before and after care must be carefully managed to maintain campers in the same stable cohort in which they will spend their day.

- ♣ A camp can have multiple stable groups of 10 if the camp facility or site can accommodate physical distancing for the number of campers hosted (a minimum of 35 square feet per camper for indoor spaces; a minimum of 75 square feet per camper for outdoor spaces), and campers' access to or utilization of cabins, tents, meals, rest.

- The CCA Art Studio is 700 Sq. ft, which meets the requirements, we have double the amount of space.

**CCA Specifics:**

Each kid will have their own cubby, apron, supplies.

CCA will sanitize the surfaces, etc.

We have set up the room for appropriate space between each participant for safe physical distancing, 6'

Teachers will try to take the kids outside when possible for fresh air.

Parents and kids will be responsible for bringing in their own snacks.

Thank you for your cooperation.
